Overview

The Neighborhood Business Awards celebrates the individuality of neighborhood commercial corridors and the businesses within them. For twenty years Grand Rapids has celebrated our local businesses and recognized excellence in numerous categories. This year the event will be bigger and better as we have new and expanded categories to honor creative and innovative developments, new vendors at "Taste of Our Neighborhoods" reception, reusable shopping bags to be distributed to all guests showcasing sponsors and neighborhood businesses, and social media marketing to generate more buzz than ever before!
